TECHNICAL SKILLS

- Python Programming
- C Programming
- Natural Language Processing
- Big Data Technologies (Hadoop, Spark - basics)
- Generative AI
- Figma Design
- Prototyping
- Zapier
- Airtable

LANGUAGES

- Kannada: Native
- Hindi: Fluent
- English: Fluent

PERSONAL STRENGTHS

- Strong time-management skills and ability to prioritize tasks effectively
- Good communication skills
- Strong analytical and problem-solving abilities

INTEREST AND HOBBIES

- Listening to music
- Bike riding
- Photography

ABOUT MYSELF

I am Vinuth A D, a final-year Engineering student passionate about designing simple, intuitive, and engaging digital experiences. I enjoy turning ideas into user-friendly interfaces through prototyping, and visual design. With hands-on experience in Figma and a strong interest in user-centered design, I am looking for internship or job opportunities where I can learn, grow, and contribute to creating meaningful products.

EDUCATION

- **B.E. in Artificial Intelligence & Machine Learning** | Aug 2026 | **CGPA: 7.70** | Jawaharlal Nehru National College of Engineering, Shivamogga Visvesvaraya Technological University, Karnataka
- **DIPLOMA (E&E)** | May 2022 | **CGPA: 8.15** | KSPUC, Karnataka

CERTIFICATIONS

- Nvidia workshop
- Data Structures in C
- Data Structures & Algorithms Interview Questions
- SkillHigh : AI & ML (Online Internship)
- DL-driven crop health and loss analysis for PMFBY Scheme

ACADEMIC PROJECTS

Project 1 : Object detection in Railways using AI techniques

- Type : Academic Project (UG) **May-Jun 2024**
- Object detection in Railways using AI techniques
- Team size : 4

Project 2 : Video-based Q&A System using AI **July-Dec 2025**

- Type : Academic Project (UG)
- Tech : Whisper, T5QuestionGenerator, Streamlit, yt-dlp, Pyt, Gemini
- Team size : 3

Project 3 : Spam Email Classifier **Mar-Apr 2025**

- Type : Online Internship during Undergraduate(UG)-B.E.
- Tech : Python, Scikit-learn, NLP (NLTK), Pandas, NumPy

Project 3 : AI Chatbot for SkillHigh **Sep-Oct 2025**

- Type : Online Internship during Undergraduate(UG)-B.E.
- Tech : Python with Streamlit, Hugging Face Transformers (PyTorch), scikit-learn, NumPy, Pandas, NLP libraries (NLTK/spaCy), and JSON handling.
